The Canal Commissioners advertise for scaled proposals, until the 15th inst, for a loan of seven hundred thousand dollars for the enlargement of the Eric Canal; two hundred thousand dollars for the con struction of the Genesce Valley Canal, and one hundred thousand dol lars for the construction of the Black River Canal; making in th whole the sum of one million of dollars, for which transferable certifiares of stock will be issued in the name of the People and of the State of New-York, bearing interest at the rate of five per cent, per annum. payable quarterly, on the first days of January, April, July and Octo ber in each year, and the principal payable on the first day of July, 1860, or at any time thereafter, at the discretion of the Commission ers of the Canal Fund. The Georgia Argus, speaking of the proceedings under the resump-

tion law against the two Banks in Columbus, says: "We understand that all proceedings under the appointment made by Judge King of receivers for the Bank of Columbus, and Planters' and Mechanics' Bank of Columbus, have been suspended, and that nothing will b done in the premises until the return of Judge Welbourn. Those Banks are now redeeming their bills as heretofore, and we have full confidence in their ability and the disposition of these who contro them to continue to do so. To place their assets in the hands of receivers would at once have the effect to depreciate their bills, and the injury resulting from it would fall upon the people, not upon the Banks. Of the ultimate solvency of these Banks, we believe no one entertains any doubts, and even if their charters should be forfeited so one need sustain any loss on their bitls."

Some of our friends from the Wes, have called upon us, and complain that they have been deceived by "SVLVESTER'S REPORTER," where the bills of the Wisconsin Marine and Fire Insurance Compamy are quoted at five per cent. discount. On this authority they came here with their pockets full of the money, and find that it is no beught at any price. We understand that the bills are perfectly good where they are issued, but no provision is made for their purchase in this city.

CONFECTIONERY.

THE subscriber respectfully informs his customers and others, that he has removed from William-street, to the stors formerly occupied by Mr. Charles Lee, the celebrated Blacking Manufacturer, No. 285 Broadway, between Warren and Chamber-streets, opposite the City Hall, where he will continue to manufacture DRY CON-FECTIONS of the purest kind, and warranted to keep in all climates. Although the expenses attendant on so large an establishment and in so public a situation, must necessarily be greatly increased, yet the additional facilities afforded him in the manufacturing and sales department, both of which being under his immediate control, will enable him to sell at his usual low prices; and he hopes, by so doing, to merit a share of the public favor. It may not be improper to say that the subscriber is a practical workman, and has been engaged in the manufacturing of Confections for upwards of 16 years, which he flatters himself entitles him to a fayorable notice.
